It's queer when the world seems steady, it really is whiring so. It's queer that the plants get larger,

When no one can see them grow

It's queer than the fountain's water Leaps high in the sunshine bright And queer that the moon can never

When the same black earth surrounds t

The same rain waters their bed. It's queer that of all these wonders,

And that as for feeling thankful.

We seldom see the need.

We scold if the weather's chilly And fret in the hot sanlight, Don't like to get up in the morning

Hong back from the bed at night Yes, queerest of all the queernoss Are surely those girls and boys, Who live in a world of beauty.

And rather see woes than joys

bell shaped silk hats.

Fall out of the sky at night.

Is white, and another red,

We take so little heed,

WICHITA MARKETS.

Receipts of Live Stock at the Union Stock Yards for 48 hours-230 cattle, 1,031 hogs. Shipments, 159 cattle. The supply of cattle was liberal for opening day, and consisted of some of all kinds. There was no improvement in prices or demand, consequently only a few cattle changed hands. Kansas City closed lower again today. The bottom seems to have fallen clear out of the cattle market, and there is little encouragement for shippers at present. The hog market opened steady at Saturday's closing price, \$3.40, and packers' grades and the business of the day was done on that basis. The price on heavy and rough grades was 5 to 7 1-2 cents lower. The close was steady.

Brief Mention.

Hogs about steady. No improvement in the cattle trade. Some of the buyers look for lower prices on hogs tomorrow

Dold purchased 435 hogs, Whittaker 527, and Mexico twenty-five hogs today. Fred Wethner is back, and will be on the

market for heavy hogs tomorrow. C. J. Blackburn, of Blackburn, Mo., arrived today, and has accepted a position as weighmaster at the yards.

P. Mitchell, a prominent stockman of Caldwell, was on today's market with a Mr. Andrews, of Corbin, arrived late

with two cars of cattle. J. Horton, Corbin, had a car of hogs at R. Fanner sent in three cars of cattle

from Amorilla, Texas. J. A. Fleming, who for several months has been book keeper for the J. H. Camp-bell Co. here, left this evening for Kansas City to take a similar position with Scale-

ing and Tamblyn at a large advance in salary. Mr. F. was a great favorite and the boys dislike to have him leave. J. P. Deschner came in for Jones & Barton, Hesston, with two cars of hogs. W. T. Cowherd had in a car of hogs from

Adam Huffbauer, Mulvane, had two cars of hogs on the market. T. Buckley, Rose Hill, came in with

a car of hogs. Spears & McLaughlin, Conway Springs, had a car of cattle on the market.

C. Figge, Nashville, marketed a car of T. E. Gilleland, Winfield, had in a car of

Stock Exchange Bank, Caldwell, sent in a car of hogs. J. F. Wares, of Kansas City, vice presi

dent of the J. H. Campbell company, was in the city today and was at the yards oking after his company's interests. Says there is no question but what we will have a large live stock market here in a short time, and it looked to him as though there was now a good opening for another packing plant here. Mr. W. left for home this

A man was once being tried for murder when he put forward a plea such as could only have occurred to an Oriental and to a believer in the transmigration of souls. He did not deny having killed the man-on the contakes a 6%. The emperor of Germany, who trary he described in detail the particulars of the murder-but he stated in justification that his victim and he had been so quainted in a previous state of existence, when the new murdered man had murdered him, in proof of which he showed a great scam across his side which had been the sword out that had ended his previous existence. He further said that when he heard he was again to be sent into this world he entreated his master to excuse him from coming, as he had a presentiment that he should meet his migderer and that harm would come of it. All this he stated vertisements of that firm himself. It isn't in perfect earnestness and simplicity, and with evident convertion of its truth and force a conviction shared by a large numher of these in cours. - Temple Bar.

A new French clock contains a novel application of the magnet. The cleck is shaped like a tambourine, with a circle of lowers painted on its head. Around the circle two bees crawl, the larger one re-quiring twelve hours to complete its cirouit, while the smaller one makes it every hour. Different flowers represent the hours, and the bees, which are of iron, are oved by two magnets behind the head of the tambourine.—St. Louis Republic.
